CHEQUES and POSTAL ORDERS should be made payable to

“THE OXFORD AND DISTRICT JOINT HOSPITALS BOARD ”

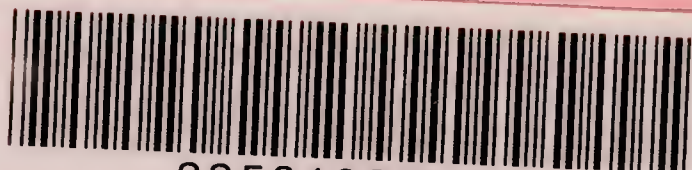

and remittances sent to the Oxford and District Joint Hospitals Board, 2 King Edward Street, with an intimation that the sum is to be earmarked for the Oxford Eye Hospital (if this is desired); or they may be made payable to

“ THE OXFORD EYE HOSPITAL,”

and sent to the Hospital addressed to the HONORARY SECRETARY ; or they may be paid direct to BARCLAYS BANK LIMITED, St. Aldate's, Oxford, to the account of the Hospital.

FORM OF LEGACY.—I give and bequeath to the OXFORD EYE HOSPITAL, the sum of.....pounds, **free of duty**, for the general purposes of the said Hospital. And I declare that the receipt of the Treasurer for the time being of the said Hospital shall be an effectual discharge for the said Legacy.

THE OXFORD AND DISTRICT JOINT HOSPITALS' BOARD

President:

THE VISCOUNT NUFFIELD, O.B.E., D.C.L.

<i>Chairman</i>	..	..	MR. W. M. GOODENOUGH, D.L.
<i>Hon. Treasurer</i>	..		COL. H. E. DU C. NORRIS, D.L.
<i>Secretary</i>	..	..	MR. W. HYDE, C.B.E.

The objects of the Joint Board are:—

(a) To ensure that the best use is made of the services available at the associated hospitals by the promotion of a common policy, thereby assisting each hospital to fulfil its special function without wasteful overlapping and competition.

(b) To act as a link between the associated hospitals, the local public authorities, the medical services, and the contributory and provident schemes in the area.

(c) To co-ordinate the raising of funds for the maintenance of the voluntary hospitals associated with the Board.

THE ASSOCIATED HOSPITALS.

The Radcliffe Infirmary, The Wingfield-Morris Orthopaedic Hospital, The Oxford Eye Hospital, The Horton General Hospital, Banbury, Abingdon Hospital, Bicester Cottage Hospital, Buckingham Hospital, Burford Cottage Hospital, Chipping Norton and District War Memorial Hospital, Didcot Hospital Committee, Fairford Cottage Hospital, Faringdon Cottage Hospital, Victoria Cottage Hospital, Thame, Wantage Cottage Hospital, and Watlington and District Cottage Hospital.

ANNUAL REPORT, 1938.

THE Committee present herewith their Annual Report and Statement of Accounts for the year ending 31st December, 1938.

General and House Committees.

The Committee has to record with its deepest regret the death of Mr. C. G. Russ Wood, O.B.E., F.R.C.S., L.R.C.P., who had for many years been Honorary Assistant Surgeon to the Hospital, and to whose devoted service the Hospital owes more than the Committee can express. He resigned the post of Honorary Assistant Surgeon and was appointed to that of Honorary Consulting Physician shortly before his death.

Shortly after the close of the year, Dr. Ernest Mallam tendered his resignation of the post of Honorary Physician. The Committee accept this with great regret, and deep gratitude for many years of service to the hospital.

The Committee also regret to record the decease of Professor Balfour formerly its Chairman, and of Mr. David who served the hospital as its previous Secretary.

Miss Sanders, Mrs. Houlton and Mrs. M. N. Tod have been elected members of the General Committee. The Committee met three times on the usual dates.

The House Committee has lost by death Mr. Russ Wood, and by resignation Mrs. Calvert and Mrs. Foxley Norris. Mr. Houlton, Miss Sanders, and Mrs. M. N. Tod have been co-opted in their places.

Staff.

The post of Honorary Assistant Surgeon was filled by Mr. A. C. L. Houlton, M.A., M.B., B.Ch. (Cantab.), D.O. (Oxon.), D.O.M.S., M.C.R.C., L.R.C.P. Mr. Appel was succeeded as Resident Medical Officer by Mr. A. B. Henry.

Working of the Hospital.

The number of new patients and readmissions shows an apparent fall from 4310 to 3441, but this is due to a new system of classification. In-patients numbered 472, 27 less than last year, but more than in any of the preceding four years. This is also largely an apparent increase due to change of classification. Attendances were 12118, nearly 1000 more than last year. Operations numbered 2042, 142 more than last year. More than half (1080) were operations on the cornea, which were about 200 more than last year. There were 92 general anaesthetics cases as against 104. The average daily number of occupied beds 20.8 was much the same as last year. 753 children attended the Oxford City School clinics which are held at the Hospital (practically the same number as last year), and the refraction cases increased from 693 to 721.

Orthoptic Clinic.

The third year shows an increase in the number of new patients as well as an improvement in results. 190 new cases were referred to the Clinic, 31 more than last year. A large proportion of these consisted of breakdowns in Binocular Vision in children as well as adults. Patients with these distressing symptoms of eyestrain are taken on as quickly as possible. The waiting list now consists of 44 patients. Private patients also attend the Clinic. During 1938 108 patients were discharged: 79 of these as cured; 19 improved; and 10 not improved.

Pound Day.

In spite of the increased number of Pound Days now held in Oxford, and a slight decrease in the number of Schools sending contributions, the Annual Pound Day which is held early in October, continues to be of very great value to the Hospital. About 2200 lbs. of dry goods were received, a ton of potatoes and a good supply of vegetables and fruit. Many old patients are glad of

this opportunity of helping the Hospital, and school-teachers are most generous of their time and trouble in organising collections in the City and County schools.

The Linen League.

The Linen League under Lady Elton continued its invaluable work, and during the year received 124 articles of linen and £90 12s. 0d. in cash. The total received for 1934 was £46 2s. 0d., and the amount received has increased each year since then, until to-day it is all but double.

In the course of 1938 the League has completed the task of re-equipping the Hospital with mattresses, and has also purchased 18 pairs of blankets and many other articles. The Hospital is of course still badly in need of further equipment, which the League hopes, with the continued help of our subscribers, to be able to provide in due course. The Annual Meeting took place on March 1st. The League is very sorry to have lost the help of Mrs. Stuart-Gmelin, who has left the district, after doing valuable work for many years as Vice-President for Westcot Barton, but is grateful to Mrs. St. J. Durnford, of Abbeywood, Middle Barton, for kindly consenting to take her place.

Air Raid Precautions.

The measures being carried out against the possibility of Air Raids consist in gas proofing two rooms for the use of children under 5, and arrangements for darkening. The Hospital has now been grouped with the Radcliffe Infirmary, the Oxford University Press and Somerville College in an inclusive scheme for Air Raid Precautions, the details of which are being worked out.

Heating and Cooking Arrangements.

The General Committee sanctioned a scheme by which heating and hot water was to be supplied to the Hospital from the Radcliffe Infirmary at a cost of about £1200, provided that an extension of the lease of the hospital could be obtained for not less than 10 years. As is stated

elsewhere in this report, negotiations for the extension of the lease have not been completed: and the break down of two of the boilers made it immediately necessary to instal new ones on their place, so the proposal is now in abeyance.

Towards the close of the year a great improvement has been effected in the kitchen by the substitution for the old coal range of a modern solid top gas range, two boiling pans, and a five gallon boiler which gives a constant supply of boiling water. The cost of the apparatus and installation was £146/12/6; the account for builders' work has not been presented.

The Hospital Lease.

The hospital buildings and the land on which they stand are held under a lease from the Radcliffe Infirmary which expires on September 29, 1941, at a rent of £155 per annum, subject to a rebate of £45 on account of treatment by the Eye Hospital of such patients of the Radcliffe Infirmary as suffer from diseases of the eye. The question of the terms of renewal of the lease are at present under consideration.

Finance.

It will be seen from the financial statement that Subscriptions, Donations and Church Collections amount to £1511/9/8 as against £1569/12/- in 1937. The amounts under each heading are now shown in two amounts in the Statement, and represent sums received by the hospital direct, and amounts collected by, and received from, the Oxford and District Joint Hospitals Board.

The amount collected in Boxes provided £95/9/4 as compared with £74/17/9 in 1937. Payments by Out-Patients increased by about £20 but Payments by In-Patients show a decrease of £650 due to a more equitable arrangement being made with the Radcliffe Contributory Scheme.

On the Expenditure side, Renewals and Repairs cost £91 more than in the previous year, due to the cost of installing a new gas range, which was urgently required. Provisions cost £90 more and Wages and Salaries show an increase of £74.

Other small increases in expenses amount to £68. The year's accounts closed with a deficit of £323 of income over expenditure, and in view of the anticipated rise in recurring expenditure, which an expanding hospital must always be prepared to meet, the Committee would welcome an increase in the number of annual subscribers and they are confident that their need will receive the sympathetic attention of the public.

Joint Hospitals Board.

This is the first year in which the adhesion of the Hospital to the Oxford and District Joint Hospitals Board makes itself apparent in the accounts. At the end of the preceding year subscribers were sent a brochure explaining the constitution and objects of the Board, and suggesting to them three possible ways of continuing their subscriptions,—(a) by unearmarked subscriptions to the general funds of the Board: (b) by subscriptions earmarked for the Hospital paid to the Board and (c) by direct payment to the Hospital as previously. The following are the results. There were in 1937 270 subscribers, they are now distributed as follows:—

Paying direct to the Hospital;	97
Paying earmarked subscriptions;	92
Paying unearmarked subscriptions;	42
Known to have died;	7
Subscriptions not received;	32

Against this there are 6 new subscribers paying direct and 6 through the Joint Board; so our loss in subscribers is 27; but it is hoped that a further reminder may recover some of these.

We do not know how many new subscribers have been obtained to the general funds of the Joint Hospitals Board, but it is on this that the finances of the hospital ultimately depend. It can only view with equanimity a progressive decrease in its subscriptions if that is met, as is intended, by a rapid growth in the allocation of unearmarked subscriptions to the Hospital. The Committee therefore hopes that all friends of the Hospital will do their best during this year to enlist fresh subscribers.

Special Donations.

The Committee gratefully acknowledge the following special donation:—

Alexandra Rose Day	..	..	..	£25	0	0
--------------------	----	----	----	-----	---	---

Legacies.

The Committee are pleased to report the receipt of the following legacies:—

Alfred Boffin	..	..	..	..	£200	0	0
The James Henry Stephens Bequest							
per Lloyds Bank	..	..	..		50	0	0
Florence Austin	..	..	..		49	9	4
Algernon Richard Hadland	..	..			10	0	0

Thanks.

In conclusion, the Committee have their annual and pleasing task of expressing their thanks to the Professional Staff, the Matron and the Nurses for another year's excellent work: to the Rev. C. R. F. Diggle for conducting services in the Wards; to Mrs. Pittar for the care of the garden; to the band of Readers under Miss Ewbank; and to Lady Elton and her fellow workers of the Linen League.

INFORMATION RESPECTING

THE OXFORD EYE HOSPITAL, 1939

THE work was commenced in 1886 by Robert Walter Doyne. After some tentative arrangements, the Hospital was established (for both in-patients and out-patients) in two adjoining houses in Wellington Square. In 1894 a ten years' lease was obtained of a block of buildings in Walton Street belonging to the Radcliffe Infirmary; and by adding an upper storey to the west wing, and making certain structural alterations, the buildings were rendered suitable for the requirements of an Eye Hospital. Further enlargements having become necessary, another lease was secured in 1901, this time for forty years, and an upper storey added to the east wing. Early in the year 1912 a small Laboratory was built on to the Hospital, and fitted with the most modern appliances, in order to provide the Staff with improved facilities for pathological research.

An important addition was made to the Hospital buildings in the year 1924 by the construction of a covered corridor connecting the upper floors of the two wings of the building on one level and providing the accommodation necessary for open-air treatment.

In 1932 part of the space under the corridor was enclosed to form a Book-room.

In 1935 a Nurses' Home, containing eight bedrooms and two sitting rooms and connected with the Hospital by a covered bridge, and a new Dispensary and additional dark rooms were added to the Hospital buildings.

Conditions.—The Hospital is administered solely for the benefit of the poor. No "Turns" or Tickets of Admission are required, but a charge of 6*d.* is made for each out-patient attendance. Only those not in a position to pay for private special surgical treatment are admitted. The Visitor for the week makes the necessary inquiries into the suitability of applicants for

admission and treatment, and is authorised to remit payment in cases of real necessity.

In-Patients.—The Hospital can accommodate about 36 in-patients. These are ordinarily expected to pay the cost (or part of the cost) of their maintenance, the proportion to be decided in regard to the circumstances of each case. Admission is never refused to a patient who cannot pay anything.

Hours of Attendance.—The work of the Hospital begins at 9 a.m. Accidents and urgent cases are admitted at any time. For ordinary cases: patients from the country are admitted on Wednesdays, new patients at 1 p.m., after first attendance at 10 a.m.; patients from the City of Oxford on Thursdays at 9.30 a.m. (new cases only) and on Tuesdays at 10 a.m. (after first attendance).

Medicines.—The Hospital Dispensary supplies the drugs, lotions, etc., ordered, at cost price. Special arrangements are made for patients unable to pay anything.

Spectacles are not supplied by the Hospital, but only the necessary prescriptions. A list of opticians who have agreed to supply Hospital patients with metal framed spectacles at a charge not exceeding 5/6 or 7/6 per pair according to the prescription, and cataract glasses at 10/6 per pair, will be found in the out-patient department.

Management.—The affairs of the Hospital are directed by a General Committee meeting three times a year. The management and business of the house and matters of detail and expenditure are controlled by a House Committee, which meets once a week in the Hospital. One member of this Committee (in rotation) undertakes the duty of visiting the Hospital for a week. The Visitor is also present during the hours of admission of new patients on Wednesdays and Thursdays, and is authorised

to deal with any question about the suitability of a patient for admission or to refer the matter to the House Committee.

Post-Graduate Instruction. A post-graduate Course of Instruction in Ophthalmology is held every summer term at the Oxford Eye Hospital, lasting for two months. This course is obligatory for candidates taking the examination for the Diploma in Ophthalmology granted by the University of Oxford. The subjects included are, Anatomy of the Eye, Physiological Optics, Pathology, Bacteriology and Development of the Eye, Clinical lectures and clinical instruction and medical ophthalmology. The inclusive fee for the course is fifteen guineas, with two guineas attendance fee for the Eye Hospital. All information can be had on application to the Dean of the Medical School, Oxford University.

General.—The Committee earnestly desires more ANNUAL SUBSCRIPTIONS. It should be remembered that the list is being continually reduced by changes of residence, death, and other causes.

DONATIONS are also asked for, especially from those who, not being always resident or from other causes, cannot undertake a regularly recurring subscription.

The Hospital is glad to receive gifts of vegetables, potatoes, fruit, milk, old linen, etc., etc.; and papers, magazines, pictures, games, and toys for the children. These should be sent to the Matron at the Hospital.

The INVESTED CAPITAL of the Hospital is very small. After paying the rent and taxes but little is left to meet the heavy expenses of maintenance. The Committee is most anxious to see the Permanent Fund increased.

Subscriptions and Donations may be sent to THE OXFORD AND DISTRICT JOINT HOSPITALS' BOARD; or to BARCLAYS BANK, LTD., St. Aldate's, Oxford; or to the HONORARY SECRETARY, Oxford Eye Hospital, Walton Street, Oxford. It is particularly requested that Cheques and Postal Orders be made payable to "THE OXFORD AND DISTRICT JOINT HOSPITALS' BOARD" or to "THE OXFORD EYE HOSPITAL," and not to anyone by name.

RULES FOR THE ADMISSION OF PATIENTS, ETC.

1. Applicants for admission are reminded that the Hospital is for the poor only.

2. No "turn" or tickets of admission are required.

3. A charge of 6*d.* is made for each out-patient attendance. Contributors to the Radcliffe Infirmary Contributory Scheme are not entitled to free out-patient treatment at the Eye Hospital, as it is not one of the associated Hospitals of the Scheme.

4. The Visitor for the week is authorised to enquire privately in any doubtful case as to the fitness of the application, and to remit payment in cases of real necessity. The Visitor or the House Committee may require the production of a letter from a local clergyman, or other competent person, to show that the applicant is duly qualified for admission.

5. In-patients under treatment can only obtain permission to go out beyond the Hospital grounds by express order or for special reasons. When such permission is given the patient must inform the Matron before leaving the house, and also report his (or her) return.

6. Smoking is only permitted with the sanction of the Surgeons.

7. Patients may be visited by their parochial clergymen, or if not members of the Church of England, by ministers of their own denominations.

8. Visitors may be admitted to see patients on Sundays, Wednesdays and Saturdays between 2 p.m. and 4 p.m. Special cases may be visited at other times by permission of the Surgeons or the Matron.

9. Visitors are not allowed to give any article of food or drink or tobacco to any patient without express permission of the Surgeons.

10. HOURS OF ATTENDANCE. The work of the Hospital begins at 9 a.m. Accidents and urgent cases are admitted at any time. For ordinary cases: Patients from the country are admitted on Wednesdays at 1 p.m.; patients from the City of Oxford on Thursdays at 9.30 a.m.; after first attendance, Country cases, Wednesdays, 10 a.m.; City cases, Tuesdays 10 a.m.

AUDITORS' REPORT.

We have examined the foregoing Accounts with the Books and Vouchers of the Hospital and find the same to be correct. We have verified the Investments as set out in the above list.

As the Auditors can have no complete check upon the amounts received from Subscribers, Contributions and Donations, the Honorary Secretary of the Hospital has prepared lists of these which have been checked and which are published in the Report.

8 KING EDWARD STREET, OXFORD.

27th February, 1939.

THORNTON & THORNTON,

Chartered Accountants, Auditors.

STATISTICAL TABLE RELATING TO PATIENTS FOR LAST
FIVE YEARS, 1934-8.
